

UNDERSTANDING DEMENTIA, WITH A FOCUS ON ALZHEIMER'S AND FRONTOTEMPORAL DEMENTIA (FTD)

Presented by the South Worcester County Alzheimer's Partnership

Join us to learn about Alzheimer's and Frontotemporal Degeneration (FTD). Alzheimer's is the most common form of dementia and Frontotemporal Degeneration is the most common form of dementia for people under the age of 60. You will learn about the signs and symptoms of Alzheimer's and FTD and the resources available through the Association for Frontotemporal Degeneration (AFTD) and the Alzheimer's Association.

Wednesday, March 20

3:30-4:30 PM
